a) Motion support club for Ingen Människa Är Illegal Malmö (IMÄI Malmö)

IMÄI Malmö have recently started up in Malmö, and we suggest doing a support club with the profits going to them on Friday 20 November 2026, as a part of the Decoloniality Week. The club theme will be Arabic Funk and we'll host several great DJs.
About Ingen Männsika Är Illegal (IMÄI): The "No One Is Illegal" network works to provide practical support to people whose asylum applications have been denied by the Swedish Migration Agency. We demand permanent residency for everyone who wants to stay in Sweden. We strive for a world without national borders, a world where no human being is illegal. We work both to raise public awareness, through demonstrations for example, and to provide practical assistance, such as legal support.

We believe this is a great organisation to support and that the club will be a lot of fun. IMÄI will provide volunteers (and great vibes).

We move that…
...We hold a support club for Ingen Människa Är Illegal Malmö on November 20.
...The entrance fee will be a minimum of 60kr for non-members, members, and active members with the possibility to donate more.

And we move for one of the two following...
...All profits from the bar and entrance will go to IMÄI after expenses for guards (4500kr) and DJs (3360kr).
...or: the Club Committee will cover the costs for guards from it's budget (4500kr) and DJs (3360kr) and all profits from the bar and entrance will go to IMÄI.

xoxo
Ella (IMÄI and Smålands member), Isak (Club Committee), & the Decoloniality Week planning group!

b) Motion to buy a new ice machine!!

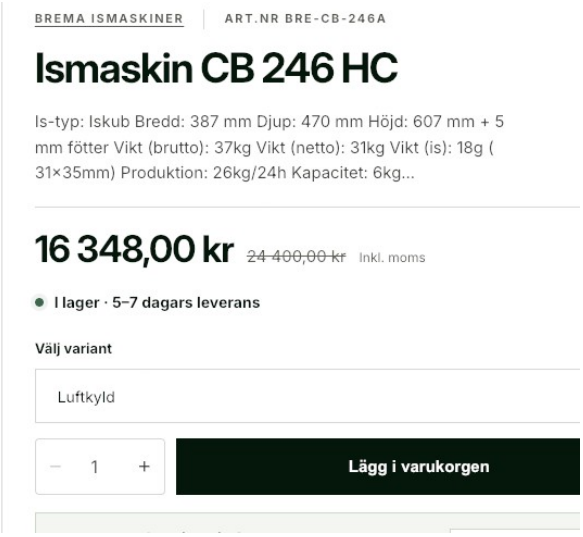

Hello,

As many of you know the ice machine has been broken for quite some time, and has caused quite a bit of issues with ice running out during busy clubs!

The current (broken) ice machine is very old. It has been around for longer than anyone can remember, and fixing it might just not be worth the trouble. To save a lot of hassle and also the cost of actually figuring out what is wrong with the broken one and then paying to have it fixed, we suggest a new one is bought instead!

This means we would be getting a new one which then would include some sort of warranty and should hopefully last for quite some time. Since new ice machines vary very much in price, we have looked into a few different options that could work for us:

https://rancold.com/products/brema-ismaskiner-ismaskin-cb-246-hc?_pos=223&_sid=8c8bf1a4e&_ss=r

https://www.widab.se/restaurang-storkok/kalla-koksmaskiner/ismaskiner/isproduktion/hendi-ismaskin-kub-22kg-169-271353/

https://www.hna.nu/kyla/ismaskiner/iskubmaskiner/porkka-iskubmaskin-kl-matt-345x460x588-mm-luftkyld-binge-65-kg-k.html

The other option is to get the same one that we have at Smålands right now (the working one), which is a Brema Ice machine similar to this one:

BREMA ISMASKINER | ART.NR BRE-113

Ismaskin, CB 425 HC B-QUBE

This one is more expensive since it produces more ice per day (48kg/24h). It might, however, be a bit oversized to have two of the same size, meaning we could get a slightly smaller one instead, but this is something we can decide on here. We have gotten an offer from Rancold for this machine at the cost of approximately 21 000 SEK.

Therefore we move…
…that the Nation Agents are tasked with buying one of the presented ice machines OR a similar one for a maximum of 17 000 SEK.

OR

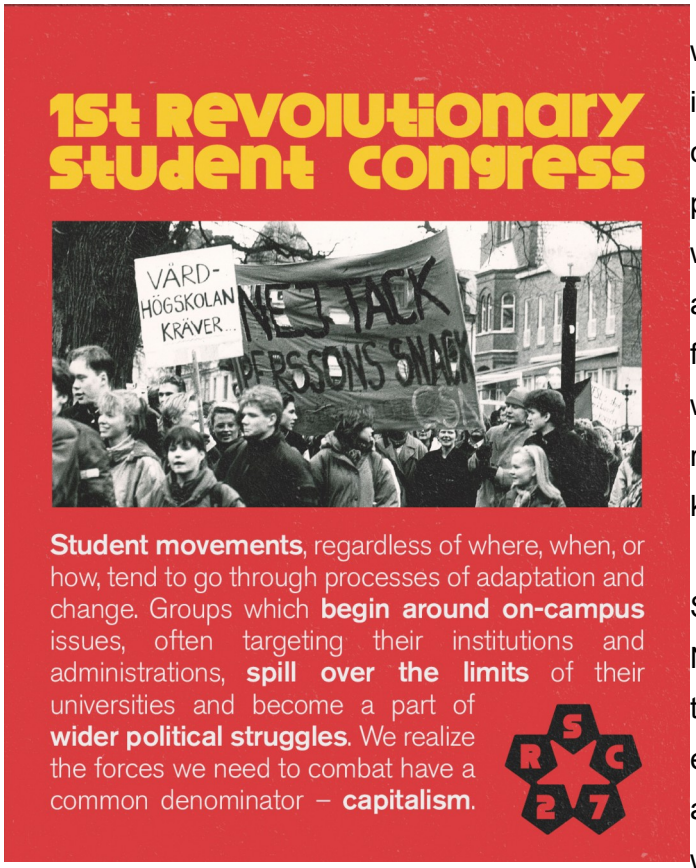

…that the Nation Agents are tasked to buy an Ice Machine of the same size that we now have from Rancold based on the offer they sent us at a maximum of 21 000 SEK

c) Motion regarding the Saturday club during the Revolutionary Student Congress 2027

Hello, comrades!

As some of you might already know, some of us together with other comrades from around Sweden have started planning a revolutionary student congress that is supposed to happen the last weekend of February. Our motivation behind this is built on both the historical importance of student-led struggles for revolutionary moments as well as the radical momentum we have seen in student organising the last years.

The congress will feature a full program of workshops, lectures, and discussions - but it
can't be a successful congress without a party, of course! That's why the RSC wants to hold
a club night on Saturday, as usual, with a few changes for this weekend. The RSC will provide volunteers, someone responsible for serving drinks, and a klubbis for the night.

Sign-ups for the congress will open in November. If you're interested in joining the organising team and working on, for example, the program, outreach, food, or accommodation, please contact one of us who have signed this motion.

We move that…

> …The club on Saturday, 27 February 2027, will reserve places for the RSC participants. Any remaining places will be sold as tickets, either at the door or in advance.
>
> … Entrance will be free for active members, 30 kr for members, and at least 60 kr for

non-members, with a recommended donation of 100 kr.

... Any profit from the entrance and the bar will go to the RSC to cover potential costs and/or help organise the following year's RSC.

… DJs will either play for free or be paid by the RSC.

Comradely, the RSC - Jaana, Flora, Steinunn, Eira & Elias

d) Motion regarding stickers for the Revolutionary Student Congress 2027

Hello, comrades,
The congress is getting closer and closer, which means we want to reach as many people as possible and show off our amazing graphics (thanks to Sofia and Steinunn). We all love stickers, and we think it would be a great idea to have some for the congress - both for people to take home and to help mobilise students and young people to attend.

The sticker design has not been completely decided yet, but it will follow the theme of the graphics we already have. We know that the political committee also wants to order stickers soon, which could reduce or eliminate the shipping cost.

We move that…

… Smålands Nation buys 1,000 stickers from Bizay.se , featuring the RSC design, measuring 76 × 76 mm, for a total cost of 551.53 (441.22 + 110.31 for shipping).

Comradely, the RSC - Jaana, Flora, Steinunn & Sofia

e) Motion regarding support pub for Border Resistance and No Name Kitchen on the 18th of November at Smålands!

Hi Nation Meeting!

Since the end of July 2026, Ceuta, a Spanish enclave in North Africa, has been experiencing an extremely serious humanitarian and human rights crisis. Thousands of people who crossed the border from Morocco have been left without adequate access to food, water, shelter, healthcare or legal protection.

Over the past months, numerous cases of physical and psychological violence, racist harassment, unlawful pushbacks and abuses by Spanish and Moroccan authorities have been reported and documented by grassroots organisations and international human rights groups. Among those particularly affected are unaccompanied minors and LGBTQI+ migrants, who face intersecting forms of institutional violence, discrimination and exclusion.

During Decoloniality Week, we believe it is particularly important to move beyond theoretical discussions of colonialism and actively support those resisting its contemporary manifestations. We decided to organize a support pub on Wednesday 18 November, where different organizations are collaborating to give lectures about all this situation, connecting with general European borders contexts and share what they are experiencing right now and in which ways they need help. The organizations are No Name Kitchen andBorder Resistance. Next, we will explain what these organizations are and their work:

1. No Name Kitchen (NNK) (@no_name_kitchen)

- No Name Kitchen is a grassroots organisation supporting people on the move along European migration routes, including in Ceuta, where it has been active since 2021.

- Their work combines direct humanitarian assistance with political advocacy and the documentation of border violence. They distribute food, clothing, hygiene products and other essential materials, provide healthcare and legal support, and collect testimonies of human rights violations committed along European borders.

- No Name Kitchen has also been incredibly collaborative in Wednesday's 18 pub. They have agreed to participate in a lecture about the situation in Ceuta, sent us merchandise to support the event and even covered the shipping costs themselves.

2. Border resistance (@bord.eresistance)

- Border Resistance is an independent media, research and documentation initiative dedicated to defending the rights of migrants, displaced people and asylum seekers. Its reports and investigations are used by journalists, researchers and activists.

- For more than a year, the group has documented migration routes and border violence across Sudan, Libya, Tunisia, Algeria, Niger and Morocco, as well as along Spain's borders and the English Channel.
- Their work focuses on documenting and exposing human rights violations, raising public awareness and advocating for accountability before international institutions.
- Recently, they have reported on violence against LGBTQI+ migrants, the treatment of unaccompanied minors in detention and reception facilities, and allegations of torture and abuse by border authorities in Ceuta.
- Also offered themselves to collaborate in the lecture,present its research findings and share its documentation and firsthand insights into border violence and migration policies.

Both organisations show us their willingness to dedicate their time, resources and knowledge to our initiative makes it particularly important that we reciprocate this solidarity. As a queer, antiracist and leftist organisation, we believe we have a responsibility to turn our political values into material solidarity. Decoloniality Week should center both the discussions around colonial violence and actively supporting those resisting its consequences today and we think that this collaboration is the perfect way to put that plan into action.

We move that…

… Instead of a pub on the 18th of November, we will arrange a support event in collaboration with Border Resistance & No Name Kitchen.

… That 50% of profits at the bar will go to Border Resistance.

… That 50% of profits at the bar will go to No Name Kitchen.

…That the price of food for non-members, members, and active members is 80kr

With solidarity,

Isak, Natalia, & the Decoloniality Week planning group!
