- n) Motion solidarity Support Club – Revenue Donation to Colombia and Venezuela Earthquakes Relief**

§7 Elections

§8 Other (no decisions may be made here)

Discussion point regarding Dackekuriren

§9 Messages

§10 End of meeting

Motions

a) Motion to make Dyke Night 5.0 a support pub for TransHub/SAFT

On Friday, October 9th we will hold Dyke Night again! Previous Dyke Nights haven't been quite successful and therefore we wish to do something good with the money we make. As trans healthcare is coming more and more under attack and the state is growing more and more fascist, we want to help people in a more concrete way than just raising awareness.

TransHub is a Stockholm-based organization promoting self-agency in the trans community. They describe themselves as “a grassroots transgender harm reduction project, and Sweden’s first social union for trans people” They are an organization for and by trans people and they arrange events and give out information to the community. They also have a mutual aid program, SAFT (Solidarity and Action Fund for Trans people) which people can request money from. The goal of the fund is to eventually build a healthcare system by trans people, for trans people. You can read more on their website, transhub.se/saft

We move...

...that 100% of the profits from Dyke Night on the 9th of October 2026 go to Transhub's Solidarity and Action Fund for Trans people.

...that there is a suggested donation of 30 kr in the entrance.

Lots of lesbian love,

the Dyke Committee

b) Motion to invest in solidarity fund

In the 2026 budget it was decided to allocate a sum of 100 000 kr towards the creation of a solidarity fund to fund activist initiatives. This money was placed in an interest-bearing account in SBAB and has now grown to around 101 000. We, the treasurer and vice-treasurer of the nation, propose that this sum is invested in a diversified portfolio of funds to increase its growth over time and hopefully generate a sizeable profit to fund activist projects that align with the goals of the nation. The specific allocation of the funds proposed is based on three main considerations:

1) ethical considerations: we have only picked stocks funds invested in “sustainable funds”, avoiding weapons manufacturing, fossil fuels, and funds with considerable investments in BDS-listed companies. We also have one suggested investment in emerging markets, ie. Non-Global North companies. These considerations will always be imperfect, as the funds are actively managed and the exact holdings may change over time, and the stock market is not a place in which purity is exactly possible. However, we suggest that, with the considerations we have made, the net benefit of these investments for our purposes will be positive.

2) achieving a suitable level of risk, mixing stock funds of various risk levels as well as more stable government bonds.

3) aiming for a decent return within a 3 year period.

We therefore propose:

That Smålands Nation creates a solidarity fund with the aim to fund activist initiatives

That this fund purchases the following for a total sum of 100 000 kr.

Fund	%	SEK
Storebrand Grön Obligation A SEK-H	30%	30,000
SEB Globala Hållbara Bolag	20%	20,000
Swedbank Robur Global Impact	15%	15,000
Länsförsäkringar Tillväxtmarknad Aktiv A	10%	10,000
SEB Global Climate Opportunity	10%	10,000
Robeco Sustainable Water	10%	10,000
Polar Capital Smart Energy	5%	5,000
Total	100%	100,000

That the fund is actively managed by the administration (NO's, treasure and vice-treasure) to make sure that the fund's holdings are within an acceptable ethical framework.

That if a fund is deemed to be unethical that the money is divested and the full sum is used to buy a different stock fund.

That the treasure and vice-treasure are tasked with writing up a policy for who is eligible to apply for the solidarity fund, how much money should be taken out and during which periods of time one is take money out of this account. This shall be presented to the Nation no later than the Nation Meeting of December 2026.

That the nation should aim to continuously allocate some profits from its activities into the solidarity fund.

Comradely greetings,
Adam and Maria

c) Motion Market

Hello hello!

We want to organize a market, just like the cultural committee has done a couple times before. If you have stayed until the end of them, you might have noticed that they do tend to get some club vibes in the end. We want to try and capture that spirit and energy and end the night with a concert instead.

The bands we have been in contact with are *Girls Club* and *& the bridge*. *Girls Club* have been very requested at Smålands by members

For their troubles *Girls Club* wanted 5000 kr and *& the bridge* has still not texted back what they want. Since we need the motion by monday we have set a max budget for *& the bridge* at 3000 kr. Meaning that we will be willing to pay them at most 3000 kr.

We have of course applied for grants for the event and we managed to get 2000 kr from Skånsk Live. The market will make entry fees difficult this night. This is because we already will have patrons inside when it's time for the concert, and it is unlikely that people will be willing to pay to go to a market. Our proposal is to work on a concept that is very common at underground concerts and clubs in Switzerland (and probably other places). In Switzerland it's called prix libre which is French for pay what you want. As the name suggests instead of an entry price patrons can just pay whatever (or nothing) and get in. It's also very common with a guide price telling people what would be considered a fair amount for a financially stable person to pay. Our suggested guide price would be 60 kr.

We very much recognize that we are unlikely to make 6000 kr from this. While this will be a hit in the concert budget we still think the overall event will be a net positive in the smålands budget. Our concerts have also performed extremely well this year so we have around 42000 in the concert budget so we wont go bankrupt

We move that..

...Smålands will organize a market followed by a concert between 17 and 23 on the 23rd of October

...Smålands pays *the girls club* 5000 kr for their set at the concert

...Smålands pays a maximum of 3000 kr for the set of *& the bridge*

...the market and the concert will have a voluntary entrance fee of 60 kr

//the culture committee

d) Motion bass amp

Good evening

Let's all face the truth; we need a new bass amp. The one we have at the moment is unreliable and when it does work it is underwhelming in power. For us who work with bands it is embarrassing to present this as the technology of a somewhat serious venue. Last time we had to line the bass because of all the backfeeding.

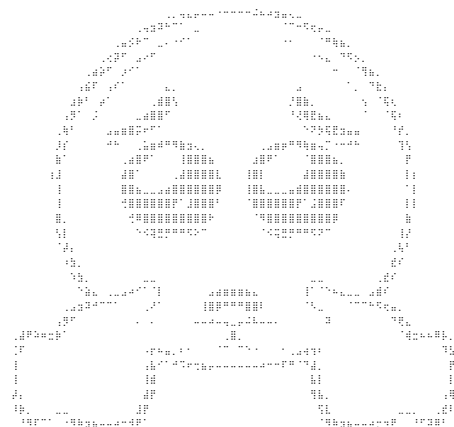

We want to buy a “new” amp secondhand. To do this we want to create a working group consisting of the three of us, plus anyone else who has some sort of interest in the question. As usual when buying stuff secondhand the purchase has to be made fast. Therefore we propose a maximum budget of 8000 kr for the new amp. As we have a lot of new tech this money will have to come from the concert budget. We currently have around 42k in the concert budget so we would not go bankrupt from buying this. And well we need proper equipment if we want to keep doing concerts

We move that...

...a working group is created with the sole intent of buying a base amp

...said working group gets a maximum budget of 8000 kr to buy a base amp. This will come from the concert budget

Please let us do this

//Lukas, Maria and Levi

e) Baking with Schyman

The event will consist of students baking gingerbread, socialising and talking with Gudrun Schyman. Representatives from Vänsterstudenter Lund will be responsible for the actual baking. Participants and Schyman will mainly be cutting the dough into gingerbread cakes while discussing politics. After the baking, there will be a short talk by Schyman on a theme of her choosing. The representatives from Vänsterstudenter Lund take responsibility for cleaning and making sure things are in order before departing from the premises.

The event will be hosted by Vänsterstudenter Lund, and we only ask to use the premises.

Gudrun Schyman used to be a politician and leader of Vänsterpartiet and Feministiskt Initiativ. Nowadays, she is retired and frequently attends different events as a speaker. The idea for this event came from one of her favorite sayings, "Politiken börjar vid köksbordet" ("Politics begins at the kitchen table"), so we thought it would be fun to host a baking event with her where students can bake and discuss politics! We see this as a great opportunity to get people involved in politics and as a step towards increasing local engagement.

We do not share statues with Vänsterpartiet, there is no central committee for left students and the party has no influence over who is allowed membership. We are however funded by Vänsterpartiet.

I move that...

.... Vänsterstudenter Lund be allowed to use Smålands Nation's locale for the event "Julbakning med Schyman" on December 5th, from approximately 13:00 to 16:00.

// Simon

f) Motion regarding support event for 'Friends of the Palestinian Universities' and 'Act for Pal' on the 7th of October

On the 7th of October, Lund Students for Palestine will march for the academic boycott of the genocidal state of Israel. Following the demo, we want to host a evening dedicated to Palestinian food, lectures, poetry and art; including the exhibiton 'Gaza remains the story', as curated by the Palestinian Museum.

Centering Lund Universities complicity, the importance of access to education for all and solidarity with the Palestinian peoples, we want the profits of the events to go towards supporting education in Gaza. That includes 100% of profits from the bar, as well as donations and sales of LSFP merch on site.

LSFP has suggested to split the profits 50/50 between the organisations 'Friends of the Palestinian Universities' and 'Act for Pal.' The former is an organization established in 1978 that builds international academic solidarity, partnerships, and exchange to support Palestinian scholars, students and higher education institutions, which continuously face systematic attacks. The latter, 'Act for Pal' supports higher education institutes in Palestine to overcome challenges imposed by the settler colonial occupation, with current donations going directly to support universities in Gaza.

Although the event would fall under one of two support pubs arranged by the pub committee in the annual budget, this would not be a pub but rather an alcohol-free fundraiser event. This decision was made in dialouge with LSFP, who want the event to be as inclusive as possible. Additionally, the event would take place at a slightly different time than our regular pubs: from 17.30–23.00.

We move that...

... Instead of a pub on the 7th of October, we will arrange a support event in collaboration with Lund Students for Palestine.

... That 50% of profits at the bar will go to Friends of the Palestinian Universities.

... That 50% of profits at the bar will go to Act for Pal.

Comradely,

Steinunn (on behalf of the pub committee) and Bastian (on behalf of LSP)

g) Motion regarding upcoming club Tropicalísimo (Oct. 10th)

We are inviting the 10-piece band Cumbia Sound to do a live gig at the club. We got 7000 SEK in grants from Indiego **specifically** for this gig, and we are planning to pay them an additional 3000 SEK from our own club budget.

(NB: the club committee doesn't need approval from the general meeting to pay artists 3k. from their own budget).

Motion: to pay them the full 7000 SEK of the grants received + 3000 SEK from our own budget.

About the band: exploring heritage, identity, and rhythm without borders, CUMBIA SOUND is a global sound experiment featuring band members from Colombia, Congo, Chile, Poland and Sweden and blending Afro-Colombian cumbia with jazz, funk, reggae, Afrobeat, and Psychedelic textures.

Regards,

Club Committee

h) Motion regarding booking Smålands for the Revolutionary Student Congress February 25th-28th 2027

Heyo Comrades,

Exciting news! As some of you might already know, some of us, together with other comrades from around sweden have started planning a revolutionary student congress that is supposed to happen the last weekend of february. Our motivation behind this is built on both the historical importance of student-led struggles for revolutionary moments as well as the radical momentum we have seen in student organising in the last years. Especially by resisting israel's genocide in gaza with countless encampments and a wide array of other powerful actions students have shown yet again that they can be a force to be reckoned with. But sadly, as movements usually go, we as might some of you feel that this radical momentum has since then lost some traction on the streets. Instead of letting this push us into pessimism, we believe that this should be the time for us to get together, exchange experiences, bridge the gaps between different parts of the revolutionary student left, build connections, and talk strategy so that our movement(s) can continue growing stronger.

Talking to comrades also made it clear to us again that Smålands having this amazing physical space where people can meet is a huge privilege, which is why we would like the congress to happen right here. This would mean that Smålands during that weekend would basically be 'booked' for the congress. As to the logistics of this: The congress would start on the 25th in the afternoon with people arriving, and would end on the 28th with lectures and workshops during

the days and social activities, for example a concert and a club on friday and saturday and we are currently planning with a number of max. of 200 participants who will have to sign up beforehand.

We are super excited about this and think it would be amazing if the congress could happen at Smålands. But perhaps even more importantly we also see this as an amazing opportunity for us to engage with our comrades in sweden and beyond and want as many Smålands peeps as possible to participate and help make it happen!!! Sign up for the congress will start in october/november if you want to participate but if you are specifically interested in being part of the organizing team working on e.g. program, outreach, food, housing and so on, we will hold an intro meeting for Smålands members on the 12th of october that everyone is very welcome to join!

So, please, please ask questions if anything is unclear, and finally, without further ado...

....we move that the Revolutionary Student Congress will take place at Smålands between the 25-28th of february 2027

....and that Smålands will be reserved for congress activities during this time (but in the case that for example, it would be decided that the club on the saturday would be closed to non-participants, this would need to be a separate motion)

With revolutionary student love,

Flora, Jaana, Eira, Isak, Della, Ida, Elias, Steinunn, Sofia, Emil

i) Create a budget for the Equality Agents

Hi!

The equality agents currently do not have a budget. We think it would be great to have one so that we can for example have groups come and hold workshops for us like we did last year. Last year for example Tamam held an anti-racism workshop for us, and Tjej- och Transjouren held a consent workshop. This, or similar events, is something we would like to repeat this term. We would therefore like to have a budget.

We move

.... That the equality agents are given a budget of 4000 kr.

// Equality Agents, Alice and Natalia

j) Motion for "equity committee"

The past year a lot of efforts have been made to revive and improve the inclusivity work at Smålands. To begin with there were only the equality agents, but as new groups have formed the amount of people working with these issues have increased. Specifically the awareness team has started up again and the masculinity reflection group was created. To lessen the burden on only very few individuals and clarify responsibilities we therefore wrote the motions for an awareness team coordinator and masculinity reflection group coordinator. However currently there is no committee that these roles belong to. Since they all have similar purposes we therefore think it would be good to create a new committee for these roles to belong to, so they can take support of each other and have a representative on the board. In order to make Smålands and even more inclusive place we need more positions working together closely in a shared committee:

We move

.... that a new committee should be formed, including the posts for equality agents (2 positions), awareness team coordinators (2 positions) and masculinity reflection group coordinator (1 position).

.... That the committee should be called the equity committee (jämlikhetsutskottet).

.... That the committee gets to elect within itself a representative to the board.

.... That the committee has a budget.

// Equality Agents, Alice and Natalia

k) Change of the Equality Agent post description

Hi,

We equality agents looked through the current post description for equality agent, and agreed that we both felt it was a little outdated and does not reflect the current needs of the nation.

Therefore we would like to update it. To make it clear what additions we have made those parts are in red and bold text, and the things we want to remove we have striked through.

We move

.... to adopt a new post description for equality agents in accordance with this proposal.

// Equality Agents, Alice and Natalia

Annat **Jämlikhetsutskottet** - Other **Equity committee**

Jämlikhetsombud - Equality Agent

ENG:

2 posts, each for a period of one year. 1 elected in May and 1 in November.

- is a contact person and representative for equality issues and takes action to make events and activities at Smålands more equal.
- is a driving person of ~~internal feminist work~~, **internal inclusivity work (including but not limited to feminism, anti-racism, anti-abelism)**, including drafting an equality plan to be voted on by the Nation Meeting.
- organizes a meeting for all active members at least once per semester, to discuss topics of internal ~~feminism and other inclusivity work~~. **inclusion and anti-discrimination.**
- organizes meetings and courses in which equality concerns observed, **workshops and educational activities addressing issues of equity, inclusion and discrimination identified** within the nation as well as in society at large are tackled, **while also engaging with broader societal challenges.**
- **must complete a training in conflict management and restorative justice. This should be provided directly when you are elected or as soon as possible.**
- **should be actively involved in the process of conflict resolution and dealing with harassment cases in the nation.**

- in large conflicts that are not possible to solve within the nation, should be responsible for reaching out to other organisations that can help and mediate.
- are part of the equality committee and coordinate with Awareness Team
- coordinators (ATC) and Masculinity Reflection Group Coordinator (MRGC).
- commits to following other routines and decisions made by the Nation Meeting.

SVE:

2 positioner på ett år vardera. 1 väljs i maj och 1 i november.

- är kontaktperson och företrädande för jämlikhetsfrågor och vidtar åtgärder för att göra evenemang och aktiviteter på Smålands mer jämställda.
- är drivande i ~~internfeministiskt arbete~~, **internt inklusivitets arbete (inkluderande men inte begränsat till feminism, anti-rasism, anti-funkofobi)**, bland annat genom att utarbeta en jämställdhetsplan som röstas om vid nationsmötet.
- organiserar ett möte för alla aktiva medlemmar minst en gång per termin för att diskutera ämnen som ~~internfeminism och annat inkluderingsarbete~~ **intern inkludering och anti-diskriminering**.
- anordnar möten och kurser där jämställdhetsfrågor som observerats, **workshops och andra aktiviteter som berör frågor gällande rättvisa, inkludering och diskriminering som identifierats** inom nationen såväl som ute i samhället bearbetas, **medans också adressar större samhällsproblem.**
- måste genomgå en utbildning i konflikthantering och reparativ rättvisa. Denna bör tillhandahållas omedelbart när du blivit vald eller så snart som möjligt.
- bör vara aktivt involverad i konfliktlösningsprocesser och hanterandet av trakasserier inom nationen.
- vid större konflikter som inte går att lösa inom nationen, vara ansvarig för att ta kontakt med externa organisationer som kan hjälpa till att medla.
- är del av jämlikhetsutskottet och koordinerar sitt arbete med Awareness Team Coordinators (ATC) och Masculinity Reflection Group Coordinator (MRGC).
- förbinder sig att följa övriga rutiner och beslut som fattas av nationsmötet.

1) Motion for creating the new positions of two Awareness Team Coordinators (ATC):
During the spring term 2026 the awareness team has been restarted. The group has worked

together with the club committee on issues around club safety and how to improve the atmosphere at our events. Currently a core group has organized the work, but many members also hold elected positions with a lot of responsibilities. At times there has therefore been little capacity. To make sure the work is planned well with longevity and important things are dealt with in an efficient way we therefore believe it's good to create a new position for this.

The group is still in its starting up phase and there are many procedures which need establishing. The workload is also quite high with several tasks. We therefore believe it is necessary to have two people share it. It is also beneficial to have the opportunity to share workload and discuss difficult situations which may appear.

We move

.... that two new positions of two Awareness Team Coordinators (ATC) shall be created according to the description below.

// Equality Agents, Alice and Natalia *Jämlikhetsutskottet - Equity committee*

Awareness team coordinator - Awareness team koordinator

ENG:

- 2 posts, each for the period of one year. 1 is elected in May and 1 in November.

organizing an Awareness Team which will be present sober at events at Smålands nation, when needed, especially at clubs.

- recruit volunteers that want to be part of the Awareness Team.
- organizing an Awareness Team training each semester for the Awareness Team volunteers.
- organizing meetings as an Awareness team.
- communication and collaboration with serving responsible and club committee members.
- responsible for immediately dealing with any complaints regarding harassment, by guests or volunteers, at the event they are present, in compliance with our platform and other relevant policies.
- responsible for maintaining Loungen as the place for rest and relaxation during events

so it can be used by people who need it.

- responsible for stocking up Awareness Team relevant supplies.
- commits to following other routines and decisions made by the Nation Meeting.

SVE:

2 positioner på ett år vardera. 1 väljs i maj och 1 i november.

- organisera ett Awareness-team som vid behov finns på plats i nyktert tillstånd vid evenemang på Smålands nation, särskilt under klubbkvällar.
- rekrytera volontärer som vill ingå i Awareness-teamet.
- anordna utbildning för Awareness-teamets volontärer varje termin.
- anordna möten för Awareness-teamet.
- sköta kommunikation och samarbete med serveringsansvariga och medlemmar i klubbkommittén.
- ansvara för att omedelbart hantera eventuella klagomål om trakasserier – från såväl gäster som volontärer – vid evenemang där teamet närvarar, i enlighet med vår plattform och andra relevanta riktlinjer.
- ansvara för att upprätthålla ”Loungen” som en plats för vila och avkoppling under evenemang, så att den kan användas av dem som behöver det.
- ansvara för att se till att relevant utrustning och material för Awareness-teamet finns tillgängligt.
- förbinder sig att följa övriga rutiner och beslut som fattas av nationsmötet.

m) Motion for creating the new position of a Masculinity Reflection Group Coordinator (MRGC):

Last fall a m*n group/masculinity reflection group was started again after some time by a non-men working group. It has now been a year since then. The structure for who has been responsible to hold the meetings has relied on individuals taking on the responsibility voluntarily, and it has rotated throughout the year. At each meeting a person has been chosen to be responsible for the next one. To ensure longevity and clarify responsibilities as well as make communication easier with for example the equality agents we therefore believe it would be good to create an elected position for this. There have sadly been problems with attendance, and having an elected position who is responsible for reaching out individually to people could help improve this.

We move

.... that a new position of the Masculinity Reflection Group Coordinator (MRGC) shall be created according to the description below.

// Equality Agents, Alice and Natalia

Jämlikhetsutskottet - Equity committee

Koordinator för maskulinitets reflektionsgruppen - Masculinity Reflection Group Coordinator (MRGC)

ENG:

1 post for the period of one year starting in September.

- has been socialized as a man or identifies as a man.
- make sure all active members socialized as men are in the group chat for the masculinity reflection group.
- message all active members socialized as men in advance before each meeting to make sure they know about the meeting.
- keep a name list during the meetings.
- message elected members who missed the meeting to ask about why they weren't there
- work together with the equality agents and the nation agents to discuss the attendance at the meetings and any connected issues.
- communicate time and place for the meetings and make other relevant preparations.
- facilitate the meetings or distribute the responsibility to facilitate between the members of the group.
- commits to following other routines and decisions made by the Nation Meeting.

SVE:

1 position på ett år, med start i september.

- har socialiserats som man eller identifierar sig som man.

- se till att alla aktiva medlemmar som socialiserats som män finns med i gruppchatten för reflektionsgruppen om maskulinitet.

- skicka meddelande till alla aktiva medlemmar som socialiserats som män inför varje möte för att säkerställa att de känner till mötet.

- föra närvarolista under mötena.

- kontakta valda medlemmar som har missat möten för att fråga varför de inte var där.

- samarbeta med jämställdhetsombuden och nationsombuden för att diskutera mötesnärvaro och andra eventuellt relevanta frågor.

- kommunicera tid och plats för mötena samt göra andra relevanta förberedelser.

- leda mötena eller fördela ansvaret för mötesledningen mellan gruppens medlemmar.

- förbinder sig att följa övriga rutiner och beslut som fattas av nationsmötet.

n) Motion solidarity Support Club – Revenue Donation to Colombia and Venezuela Earthquakes Relief

According to Smålands platform we should foster solidarity and anti-imperialism beyond borders, and nightlife should not be about mere profit. When a privileged organization like ours profits from a party set to Latin American music, the least we can do is not ignore the acute crisis currently faced by communities in Colombia and Venezuela following the recent earthquakes.

We propose:

To donate the money from the entrance fee from the support event (Reggaeton party), on Friday the 16th of October (No other event is planned on this evening), to emergency earthquake relief in Colombia and Venezuela.

The DJs will be Colombian and are very on board to DJ for free as long as part of the profits reach Colombia, where they are from.

I have talked to people on site in Colombia, among them Leonard Mikoleit.

Leonard has held lectures in the past at Smålands, and is a journalist now studying in Germany and raised in Colombia. He was on site when the earthquake happened and has encouraged us to donate to the following organizations:

- **Red Cross Colombia**, that are now helping build shelter/housing made of bamboo for the ones who have lost their homes in the earthquake and/or the devastating effects of the flooding that happened.

- **International Committee of the Red Cross Venezuela**, following the powerful earthquakes that struck Venezuela on 24 June, the ICRC is supporting the Venezuelan Red Cross, Red Cross and Red Crescent Movement partners, and national authorities to assist those most affected.

In the immediate aftermath, the ICRC has been providing emergency water and sanitation support, including facilitating the deployment of a water purification plant to La Guaira – one of the hardest-hit areas – and coordinating the delivery of water tanker trucks to hospitals in the region. We have also supplied materials to support the dignified and safe management of the deceased. This response is focused on preventing the spread of waterborne diseases and ensuring that both survivors and forensic teams have what they need in the critical days ahead.

- **Caritas**, is a religious organization that works in Latin America and have a bigger reach to rural communities and is very praised by Colombians as well as Cubans as their help is very visible and appreciated in the communities.

We are willing to discuss the organizations, as well as who to donate to, as well as the ratios of the donations to each organization.

Best regards,

Veronica and Disco Jesus, klubbises <3

Discussion point

Discussion point regarding Dackekuriren

Lately, there has been discussions about Dackekuriren's policies. More specifically, the policy regarding not being a member and still getting permission to write for Dacke. On one hand, we totally understand that we want our writers to be members of Smålands, since Smålands is funding the magazine. With this, we will also add that it is important for us to still be able to give exemptions in some cases.

However, the main aim of Dackekuriren is not to be a magazine solely for the members, to create community, but a socialist magazine by Smålands nation. We have a platform and the resources and space to create a magazine and spread leftist propaganda through writing. We want to be able to portray other leftist organisations as well and people that are not yet members. In the past we have had guest writers from plant based universities, a writer who resided in Gaza and a photographer based in Madrid. The contents of the paper are decided by the group during meetings, and finally by the editors. We want to be able to accept contributions from people that are not members of smålands, especially when it comes to illustrators, photographers and other organisations. We do also have quite a strict political framework for what we produce, so this will not mean that any social democratic propaganda will appear in the paper.

All writers/contributors that are members do become active members, which is an incentive to be a smålands member. Most contributors are already members or become members when they join- but we see the requirement to be a member as a hindrance to getting the best contributions we can.

When Dackekuriren joined Ung Media and created a separate organisation (see attached file) there was a sentence saying that every member of Dackekuriren (the Ung media organisation) must be a member of Smålands nation as well. This has been interpreted by some as that everyone contributing to the newspaper has to be a member of Smålands Nation. As editors of the paper, this is not how we interpret the formulation and neither do we see a need for such a requirement.

For the sake of transparency, we also here publish relevant parts from our vision document.

What is DackeKuriren?

We are a magazine platforming radical leftist work. We want to think critically about what is happening in the world through a radical leftist lens. Although the mission of Smålands as a nation is to unite the broader left, the magazine is dedicated to expressing radical leftist ideas.

Our political stance is as follows:

- ★ The police are inherently bad (ACAB)!
- ★ We are socialist and anti-capitalist.
- ★ Our goal is a moneyless and classless society (not social democracy).
- ★ We are anti-imperialist (fuck the war machine).
- ★ Småland house rules and platform apply within the organisation and for the platform.

Internal culture

- Collaborative feedback system
- Politeness in criticism- only constructive feedback
- Encouraging positive feedback
- Implement archive system
- Meetings as an open space- everybody has an equal voice, we strive to be as non-hierarchical as possible.
- Despite the final authority of the editors, we value the opinion of everybody involved in the creation of the magazine. The editors have to consider the opinion of non-editing contributors in all decisions they make (transparency within the organisation is absolutely vital).
- Dackekuriren is a part of smålands where every member's opinion carries the same weight. Having a formal position does not increase the decisiveness of a voice.
- Safety guidelines for people openly involved with the magazine.
- Try to popularise the magazine within Lund and Malmö.
- More works on student culture.
- Editors should be the political compass.
- More collaborations with the political committee.

INTERNAL POSITIONS:

- Social media manager (two people)
- Website manager (perhaps same as social media manager)
- Archivist (scanning and publishing old magazines on our web)
- Distribution
- Distribution outreach representative who works with organisations such as, but not limited to
- Graphics (min. two people)
- News responsible

Guidelines

Submission

- ★ No plagiarism (applies to texts and images), feel free to quote other works and give credit to the works you have used.
- ★ We encourage you to “do the work yourself” (don't quote an interview, hold it, call it up, etc)
- ★ We do everything with consent! (Taking pictures, taking information and publishing)
- ★ You do not have to be a member of Smålands to submit to the magazine.
- ★ No AI whatsoever.
- ★ Work written to instigate hate towards or amongst a community will not be published.
- ★ We encourage you to

- Write collaboratively
- Not conform to an intellectual viewpoint, we are happy to platform silly nonsense!
- Communicate transparently with all members of the organisation
- Not fear editors, we are just coordinators of the magazine
- Think critically about the things you submit, everything is political, try and find a stance within your submission
- Submit opinion pieces that may have certain controversial or polarising opinions (not edgy!) within the boundaries of our politics.
- Submit art work i.e., photographs, paintings, collages, etc.
- Submit work pertaining to the politics of student culture.
- ★ Feel free to reach out to us if you have any questions/suggestions/complaints.
- ★ We are happy to allow contributors to remain anonymous.

Discussion points:

1. If the writers of Dackekuriren should be members of Smålands Nation or not.
2. The policies and guidelines above.

xoxo

Motion regarding DackeKuriren becoming its own Förening

Smålands nation does not fulfill the democracy requirements of Ung Media. However, we still want to be able to print and receive all of the financial help, without changing the statutes which would take forever. A way to get around this is if DackeKuriren simply becomes its own förening.

The requirements for becoming a förening are simple: we need a minimum of three people, and at least two of these people need to be between the ages of 6-25. We would also need an additional person who is "ideell revisor" to ensure that we have behaved ourselves at the end of the working year.

As for getting members in the förening, we'll promote DackeKuriren at various events. Plus, for every new member we get, DackeKuriren will receive 28 kronor. Of course, all members of DackeKuriren will also need to be members of Smålands Nation. We'll send out emails, and it will be a requirement to be a member of DackeKuriren if you want to receive a copy of DackeKuriren.

We'd use Ung Media's example statutes and templates for the yearly meetings, so it'll be easy to set up.

So, we move that DackeKuriren becomes its own förening. This way, we can keep the benefits of Ung Media without needing to change anything about Smålands Nation's statutes.

Best regards,

Thalia and Hedvig, DackeKuriren Editors
